Her Money Was Gone!

An old woman who lived alone had kept nearly $2,000 00 in currency around her house for years. She was afraid of banks.

Last fall she became seriously ill, and——

No, she didn't die But when she went to look for the cash it was gone! Fortunately some honest friends had found it while she was unconscious and had deposited it to her credit in a bank.

This woman has now decided that after all the bank is the safest place, and, besides, her money is not idle any longer. It is now earning 4 per cent for its owner.

Let us put your money to work for you.

DEVELOPING A MARKET FOR OUR PRODUCTS

Business expansion is by no means haphazard. It entails study and research. That our country may win in the race for world trade the Department of Commerce keeps its agents abroad to search business opportunities. The details of their work are brought out in the seventh of a series of folders on Our Government which we are distributing each month. The complete series gives a highly interesting and instructive account of Our Government and its advantages to you.

Send your name and address and we shall mail you the stories issued previously and each pamphlet published in the future—one every month.

H. B. Jennings

H. B. Jennings, age 65. died Sunday morning, May 28, in Jackson Memorial Hospital, Lexington, after an operation for appendicitis. Mr. Jennings was born in Amherst county November 30, 1856, where he spent most of his life having moved to Appomattox in 1901 and purchased the handsome Wilson estate on Wreck Island creek. He was a member of Hebron Bapsist church, of which he was a faithful and constant member.

On December 30, 1918, he was married for the second time to Miss Mary Fanny Brugh of Botetourt county.

His body was taken to Hebron church cemetery and placed by the side of his former wife, who preceeded him to the grave June 19, 1917. Services were conducted by his pastor, Rev. J. M. Street. Mr. Jennings was a member of Reedy Spring Masonic Lodge, by which he was buried. The grave was covered with many lovely floral designs The deacons of the church acted as pallbearers.

Jennings of Appomattox and he is also survived by one brother, John A Jennings of Appomattox

School Closed

The Appomattox Agricultural School closed a very successful session last night with very impressive ceremonies. The class received their diplomas in the Baptist church as there was no available space to take care of the crowd. Dr. Johnson of Hampden Sidney, delivered the graduating address and made a fine imyression.

The Burke Scholarship medal was won by Rupert Rogers, the Historical essay medal given by the Appomattox Chapter was won by Elizabeth Trent and the Temperance medal given by the W. C. T. U. was won by Bessie V. Harwood.

Sunday evening the sermon by Dr. Ayers, of R. M. C. was pronounced a masterpiece and the singing of Prof Moor's male quartet was much enjoyed.

The splendid musical program given by pupils of Miss Kate Franklin met with unusual appreciation. She was ably assisted by a chorus under the direction of Mr. Moore. The two vocal selections given by pupils of Miss Anna Jones added much to the pleasure of the evening.

Memorial Service

Yesterday the county paid honor to our dead soldiers at Soldier's Cemetery at old Appomattox Courthouse. The largest crowd ever seen there on Memorial day came to deck the graves and pay honor to those who fell in defense of their convictions.

The principal speaker was Congressman Harry Tucker, and he held his hearers for nearly an nour in a most interesting address. As Mr. Tucker related the deeds of valor and the high esteem in which the Confederate soldier is held the audience clapped its approval. He said at a Boston dinner he met Col. Francis Adams, of the Federal army, an authority on Military history, said the soldiers at Sailor's Creek and Five Forks of the Northern Army of Va., for fidelity and courage could never be excelled by any army. Mr. Tucker was in fine condition and aroused many of his old time friends to enthusiam. He enjoyed the day and shook hands with friends and admirers. He was entertained by Mesdames. D. N. Twyman and W. B. Caldwell and said it was a great day.

There are said to be 42 Veterans still alive in the county—22 were present yesterday.

The children laid on each soldier's grave a bouquet of flowers, and the daughters pinned a buttonaire on the lappel of each Veteran's coat.

Prof. Moore's pupils rendered splendid music

The Veterans and the public acknowledges their indebtedness to the daughters and Mr. Tucker for their great service.

Victorious Appomattox

The best ball game ever played here was that of last Friday, when the Appomattox team clashed with the strong Farmville aggcegation. Farrell for Appomattox hurled the ball from the box, while at the rubber McDaniel was hard to beat. Manley in the left field and Adam Clement caught flies which set the fans crazy. Franklin the heavy hitter landed out one for three bases scoring two runs and finally getting home tiring the score 3 to 3. But for a surplus of errors Appomattox would have enjoyed a great victory. Game was called on account of darkness.

The visitors have a good team and a strong pitcher and cooch.

Yesterday Red House tried its skill on the ball diamond here with the Appomattox sluggers. The score being in favor of the Appomattox boys 3 to 2, but the boys here claim they could have made the score larger had Red House continued the game after the winning run had been made. The features of this game were the dauble plays of Gallier and the work of Pulliam in left field. Watts Harvey pitched a good game for the visitors. Umpire Mr James Gills, of Lynchburg.

Our next game will be with Gladstone here at the Fair grounds Saturday, June 3rd, at 3:30 p. m. Come out and get with the fans.

Elastic Gate Hits Back.

A new safety gate for railroad crossings is designed which stretches across the road like the old style gate, but is flexible and elastic, so that it gives instead of breaking when run into. The gates will force the vehicle backwards, away from danger.

Education in Toys.

Building blocks have helped many a boy find his chosen vocation. A set of building blocks is claimed to have been the inspiration of one of our biggest engineers today finding himself. All sorts of mechanical toys, not necessarily the expensive kind and preferably a product that your boy himself can invent, will help wonderfully in training him to find his natural inclinations.
